Lord's Day 3; Genesis 6

Introduction

- I. Lord's Day 3 helps us to understand our corrupt nature. Why do we need to know this?
- II. We answer three questions:

Understanding Our Corrupt Nature

I. How Bad Is It?

A. Man, of himself, is totally depraved. This means that any man, woman, or child, of himself, can do any good and he is inclined to all evil. This is explained in Gen. 6:5 and Romans 3.

B. Why do we need to know this personally?

II. How Did We Get This Way?

A. The good God did not create man this way because a good God can only create what is good.

B. Adam and Eve tasted such amazing goodness, yet they sinned.

III. Why Do We Need to Know This?

- A. There is only one hope to overcome this fatal depravity except we are regenerated by the Spirit of God.
- B. This truth is our living confession a confession of humility and a confession that glorifies God.
