

Message Title: Considering God's Schedule Pt-9

Theme: In Isaiah 5:8-13, God issues a very strong warning saying twice, "Woe unto them that", then He goes on to describe conditions very similar to today, and in verse 14 He makes a shocking statement that Hell hath enlarged it's self to accommodate a great number of new inhabitants.

What happened when Hell enlarged it's self? Could it have happened when Noah was in the Ark? No doubt it caused cataclysmic changes when it happened.

In the same passage He explains some of the reasons that brought these people to this destination by telling us, "they regard not the work of the LORD, neither consider the operation of his hands". This entire series about Our timeless Creator focuses on that very thing.

Multiple testimonies have confirmed that when we come to understand in our hearts, that God is more than our source of relief from problems and a provider of our desires it changes things. We start to see God's hand in everything in our life and begin to understand how we can actually glorify God just as we are admonished to. **"Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God."** (2Cor. 10:31)

Salient Points: Worry, The 5th Earth, Water and waters, Appreciating creation, God's preserved word, Self glory, Not in vain, Man's best efforts, An eternal purpose, Waters, Get curious, Everything God does is important, The significance of water, Where is the water now, The significance of the salt of the earth, Irrational logic, God's functioning creation, The seven seas, Water in abundance, Water's importance, Viewing God as Creator, Considering God's actions not just His provision, A higher perspective, God keeps track of us in every detail, Magnify God, Where did all the extra water go, Hell's expansion, The continental separation, Saved by Noah, Real cataclysmic changes, How much water, The marvels of the work of the LORD.

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
