And the Media calls this a pandemic ?

definition : Pandemic - an infection occurring over a wide area affecting  
an exceptionally high proportion of the population.

*example* - 1918 influenza (Spanish flu) pandemic

# infected : 500 million people (~ 30 % of world's population)

# deaths : 50 million (i.e. 10 % of those infected, died)

Corona Death Rate < 1 % (187 deaths, mostly in the elderly)
