

“Precious Gifts from Heaven”

Acts 9:32-43

Introduction:

Proposition: God continually reveals His love and care through a multitude of ways. For example, the love of a mother for her child, though wonderful to behold and enjoy, is only a small reflection of the love of God the Father for His Son, of the love of Christ for His bride, the church, and of the love of the Holy Spirit who dwells with us and takes care of us. How can you express your appreciation to both God and those whom He has given to you who reflect His love?

I. His love is extended to little ones

II. His love is extended to those who are unable to help themselves

III. His love is stronger than death
