

A Time for Everything
Ecclesiastes 3.1-22

Introduction:

Since every area of life
contains the imprint of God's design, provision and care,
then nothing happens haphazardly in the lives of God's people.

1. God is sovereign, over time and whatever happens in time [vv1-8].

2. Knowing God is in control
doesn't mean we always appreciate his timing [vv9-15].

3. That God has a time to right wrongs, gives us hope [vv16-22].
