[Memory Verses: James 1:2-3](#)

Day 1: Read [Exodus 12:1-2](#) and discuss: Compare Israel's condition before Passover to our condition before conversion, and compare Israel's condition after Passover (if they followed the instructions) to our condition after we have believed in the gospel. What are the similarities? For example, to what or for whom were the Israelites in bondage? To what are we in bondage (before conversion)?

Day 2: Read [Exodus 12:3](#), [Ecclesiastes 1:1](#) and discuss: What does "congregation" mean? Find examples or creative ways to explain this to your children. What is the significance of this word for the Israelites? For us in this particular church?

Day 3: Read [Exodus 12:4](#) and discuss: What does "fellowship" mean? How is fellowship different than 'socializing'? How would you describe "fellowship" to someone who wasn't a Christian? What sorts of things do we share together? **Read [Rom.12:13](#) & [1 Pet.4:9](#) and discuss:** what are the implications and commands from these two verses? Is hospitality a spiritual gift? Why or why not? What three questions did Pastor Scott say we should ask ourselves regarding those who are around us, especially here at church?
