Reflection and Application Questions (for personal reflection and family conversation):

1. What are the main purposes of a miracle?
2. How is this miracle done by the apostles similar to and different from the miracles done by Jesus during his earthly ministry?
3. What kinds of miracles are found in the Bible? What sorts of mighty acts that you might see in a superhero movie today are not found? Why? What is the difference?
4. Who healed the lame man?
