2. APPLICATIONS:

(1) *The most important way of mortifying your sins is by using the means of grace God has given us to pursue and cultivate a holy life.*

1. Cherish and cultivate the principle of grace present in the Holy Ghost. Let us not grieve, quench, or resist the Spirit.

2. We can do this by exercising the *power* of grace in internal and external duties by using the *means* of grace—prayer, Scripture, meditation, etc.

3. We need constantly to oppose the principle, power, and actions of grace to the principles, power, and actions of sin that arise in us.

(2) *We must always turn first to Christ when we sin.*

1. Confess your sin. (1Jo 1:9)
2. Repent of your sin. (Eze 18:30)
3. Trust fully in Christ's finished work. (Heb 7:25)

(3) We must know, believe, and apply four crucial biblical truths to mortify sin.

1. We must know Who God is.
2. We must know who we are as believers.
3. We must know what Christ has done for us and in us.
4. We must learn how to apply God's Word to our sin.

(4) We must ask God to reveal in what ways we have grieved, quenched, or resisted the Holy Spirit by Whom alone we can mortify our sins
