

Spirit of Antichrist Rising

(April 29, 2022)

Roughly 2,000 years ago, Jesus, Paul, Peter and John warned us what the end days would be like. To be clear, the "end times/last days" began with Jesus' birth. The end times/last days will continue until He physically returns in His second coming, when a new order begins; the Millennial Kingdom reign of Jesus on this earth.

There are a number of things happening throughout the world today that I briefly touched on in my last article, many related to the digitization (digital currency, coming 5G Internet of Things, cell phones, etc.), of global society. This is quickly bringing us much closer to the actual end of human history. One can only wonder how much worse things will become before God's twenty-one judgments of **Revelation** begin to fall?

John told us that *many* Antichrists have come, [1 John 2:18-23](#) NKJV:

18 Little children, it is the last hour; and as you have heard that the Antichrist is coming, even now many antichrists have come, by which we know that it is the last hour...

22 Who is a liar but he who denies that Jesus is the Christ? He is antichrist who denies the Father and the Son. 23 Whoever denies the Son does not have the Father either; he who acknowledges the Son has the Father also.

Notice John said during *his* lifetime it was the "last hour." It's natural then to conclude that it's worse today. On a growing scale, people continue to *deny* God exists and that He is fully in control. [Psalm 2](#) reminds us that God laughs at these people for their hubris.

Consider just the members of the World Economic Forum. Most people have heard the name Klaus Schwab, globalist, uber-rich tyrant and fascist, but how many are familiar with one of his top advisors, Yuval Noah Harari?

Many today appear drenched in the spirit of the Antichrist, the final "man of sin" according to Paul in [2 Thessalonians 2](#) and that includes Schwab and Harari. As the world progresses toward judgment, it is becoming very clear that the spirit of Antichrist is rising and permeating all of global society in final preparation for the arrival of Antichrist.

A shocking study has found for the first time that most people have microplastics, commonly found in disposable masks, in all areas of their lungs...

thefreethoughtproject.com/study-shows-mo...

The apostle John says that anyone who denies God is a liar, the same Antichrist spirit that will motivate the final man of sin. Harari gives proof that John's words are fulfilled in people like him.

[Yuval Noah Harari | "God Is Dead It Just Takes Awhile to Get Rid of the Body." Says WEF Advisor "](#)

In the above video, Harari emits absolute pleasure in denigrating and denying God. The interviewer sides with Harari, stating, "*You have a lovely passage where you say God is dead. It just takes a while to get rid of the body.*" (Chuckles all around between Harari, the interviewer and folks in the audience). This is fast becoming the norm.

Folks, what Harari notes time and time again is evidence of his blasphemous attitude and this can only come from an individual who has embraced the spirit of the Antichrist because of a seared conscience. Harari opines that "*all God made*" was *organic* as if Harari would be able to do that from ex nihilo (nothing). But then he goes further and states unequivocally that a few geeks in the lab can do much more with enough time and money. Using *what?* The things God has already *made*, which he fails to point out.

As noted, in today's global society, there is a growing field of candidates for the position of the coming one world ruler, Antichrist. Klaus Scwhab? Yuval Noah Harari? Someone else we don't know of yet but who may well be currently working behind the scenes and climbing the ranks now? Seems the potential number is growing.

Christians need to double down and wait *for* and *on* God. This is not the time to falter, to doubt, to fear what might be. It is the time to grow stronger in our relationship with our Lord and above all things, understand the falling away that Paul speaks about to Timothy in **1 Timothy 4:1-2**.

Now the Spirit expressly says that in later times some will depart from the faith by devoting themselves to deceitful spirits and teachings of demons, through the insincerity of liars whose consciences are seared...

Jesus, Paul and others warned us and here we are, apparently living during the time when we see great numbers of people wander away from the faith they once claimed to hold. They want a "comfortable" religion or none at all. Many Christian leaders have "come out" as atheists or gay or both and reject the Bible. This is the spirit of the Antichrist.

Innate immune suppression by SARS-CoV-2 mRNA vaccinations: The role of G-quadruplexes, exosomes, and MicroRNAs

Highlights

- mRNA vaccines promote sustained synthesis of the SARS-CoV-2 spike protein.
- The spike protein is neurotoxic, and it impairs DNA repair mechanisms.
- Suppression of type I interferon responses results in impaired innate immunity.
- The mRNA vaccines potentially cause increased risk to infectious diseases and cancer.

DO YOU KNOW WHAT'S IN A VACCINE?

NONE OF THESE SHOULD BE INJECTED INTO YOUR BODY

Aluminum
Known to cause brain damage at all doses, linked to ALZHEIMER'S DISEASE, dementia, seizures, autoimmune issues, SIDs and cancer. This toxin accumulates in the brain and causes more damage with each dose.

Beta-Propiolactone
Known to cause CANCER. Suspected gastrointestinal, liver, nerve and respiratory, skin and sense organ POISON.

Gentamicin Sulphate & Polymyxin B (antibiotics)
ALLERGIC reactions can range from mild to life-threatening.

Genetically Modified Yeast, Animal, Bacterial and Viral DNA
Can be incorporated into the recipient's DNA and cause unknown GENETIC MUTATIONS.

Glutaraldehyde
Poisonous if ingested. Causes BIRTH DEFECTS in animals.

Formaldehyde (formalin)
Known to cause CANCER in humans. Probable gastrointestinal, liver, respiratory, immune, nerve and reproductive system POISON. Banned from injectables in most European countries.

Latex Rubber
Can cause life-threatening allergic reactions.

Human and Animal Cells
Human DNA from aborted BABIES. Pig blood, horse blood, rabbit brains, dog kidneys, cow hearts, monkey kidneys, chick embryos, calf serum, sheep blood & more. Linked to childhood leukemia and diabetes.

Mercury (thimerosal)
One of the most toxic substances known. Even if a thermometer breaks, the building is cleared and HAZMAT is called. Tiny doses cause damage to the brain, gut, liver, bone marrow, nervous system and/or kidneys. Linked to autoimmune disorders, and neurological disorders like AUTISM.

Monosodium Glutamate (MSG)
A toxic chemical that is linked to birth defects, developmental delays and infertility. Banned in Europe.

Neomycin Sulphate (antibiotic)
Interferes with vitamin B6 absorption which can lead to epilepsy and brain damage. Allergic reactions can range from mild to life-threatening.

Phenol/Phenoxyethanol [2-PE]
Used as anti-freeze. TOXIC to all cells and capable of destroying the immune system.

Polyorbate 80 & 20
Known to cause CANCER in animals and linked to numerous autoimmune issues and infertility.

Tri(n) Butylphosphate
Potentially toxic to the kidney and nervous system.

By the way, here's a video interview with [Martin Armstrong and why he believes the West needs WWII](#). This also plays into what will prove to be severe problems worldwide that will also usher in the coming NWO and Antichrist, who will head it.

And here, sadly, is yet another growing example of how the spirit of Antichrist is flooding the land. The following tragic story seems to be repeating itself among young people of today with an unfortunate growing regularity.

In 2015, a young man named Christopher James Dawley (or CJ), committed suicide. His parents are in the process of suing a number of social media companies; Snapchat and Instagram (whose parent company is Facebook/Meta). The young man's parents allege that social media killed their son.

Donna Dawley joined a growing group of parents suing social media platforms for injuries caused by deliberately addictive algorithms that can cause depression and suicide. [1]

CJ was only 14 when he originally signed up for Facebook. He was your average, though highly intelligent youngster who worked, enjoyed Doctor Who and golfed. Other sources say he was also involved in his local church. His parents believe that during high school, CJ got thoroughly hooked on social media to the point of not being able to leave it alone. He always had his phone with him and was always online chatting, sharing pics and info and responding to others' details as well. Parents believe he became sleep-deprived and spiraled down into a depression because of that and his addiction.

On January 4, 2015, he had been helping family take down Christmas decorations and went to his room. The following details may distress some readers.

He sent a text message to his best friend — 'God's speed' — and posted an update to his Facebook page: 'Who turned out the light?'

'CJ held a 22-caliber rifle in one hand, his smartphone in the other and fatally shot himself. He was 17... His parents said he never showed outward signs of depression or suicidal ideation.

'When we found him, his phone was still on, still in his hand, with blood on it,' Donna Dawley said. 'He was so addicted to it that even his last moments of his life were about posting on social media.'

The parents believe the "...*algorithms in Defendants' social media products exploit minor users' diminished decision-making capacity, impulse control, emotional maturity, and psychological resiliency caused by users' incomplete brain development.*" Apparently, this is based on what has become known as the "Facebook papers," which were released by a [whistler blower who worked at Facebook](#).

In a message left to his parents, CJ stated in part:

I don't want you to think this is at all your fault...I wish I didn't have to do this to you guys...I wish I believed in God. If God does exist, he will have to beg for my forgiveness....

I'm terribly saddened by this. CJ attended church and he was involved, yet, he didn't believe God existed and notice he says, "...*he will have to beg for my forgiveness.*" I'd like to ask *for what?* My heart goes out to CJ and others like him because of their confusion and depression, but imagine going into eternity facing the God you were angry toward and hearing those words repeated back to you during your judgment? What is happening to people today?

Ivermectin is now available without a prescription in Tennessee

Woo hoo. This is important not just because it will save lives. It's important because it shows that there is ONE state in the United States that isn't captured. This is absolutely astonishing.

Steve Kirsch

Numerous studies have shown that TikTok and other social media programs are not good for young people's mental health. There are [plenty of articles](#) on it with many indicating it can and does cause mental health issues while some disagree. Studies have shown that in general, spending too much time on social networks can and does cause anxiety and depression. Why? Well for one, things are based on the number of followers or "friends" and the goal is to go "viral" so that thousands and thousands of people will "love" or "like" you and what you post. When this doesn't happen, it's quite natural for people - young people especially - to feel left out and less than. The goal is instant gratification and when posts don't receive immediate attention for the user, it can result in feelings of low self-esteem to depression.

The amount of ads that constantly bombard the user and the pressure that is exercised over each person is unbelievable and takes advantage of each user. These same ads do not generally appear while using a computer, but normally do while using a smart phone. I'm rarely on social media except to check out any real news and to post a new blog article, but I used to be on it much more than I am now. This digitization of global society has created major problems.

Life has lost its simplicity and innocence. Today's young people do not know what it's like to *not* have phones, computers, handheld electronic games and all the rest. To actually *play* games like football, baseball, etc., with other children? What's that? Instead, kids all gather around their cell phones, constantly upload pictures they hope will catapult them to the viral level so that they will be "loved" and "adored" by millions of other children (mixed in with a good percentage of online perverts and pedophiles ready to take advantage of them!). This is absolutely tragic how society and life has changed so much since when I was a kid.

The digitization of global society via 5G Internet/WiFi network is a major step in putting things in place that will ultimately allow the coming man of sin to not only gain control of this entire world, but will effectively be able to mold the way people think in real time. Is it timely that the Biden administration has literally just created a "[ministry of truth](#)" in response to Elon Musk buying Twitter to give people back their free speech?

I want to buy Ukrainian windows

I would like to place an order for these high quality super tough windows from the Ukraine, that remained intact and unmarked after the explosion of a Russian bomb that turned over all of these cars. Please throw in also some of that same render as on the house, that remained undamaged and clean after the explosion.

Revelation 13:3 states simply, "*And I saw one of his heads as if it had been mortally wounded, and his deadly wound was healed. And all the world marveled and followed the beast.*" This was not possible when I was a kid. I look back and realize how slow and even relaxing life was in many ways when I was young. Not so today because everyone has a smart phone and life seems to center around the use of it. Information is exchanged instantaneously. In fact, it often comes so fast it's difficult to know if it's legit or fake.

When the Antichrist arrives on the scene and begins to work his signs and wonders, the world will see in real time and ooh and ah in response. He will be the consummate Pied Piper.

Without the digitization available today, **Revelation 13:3** would not be possible. My advice to Christians - for what it's worth - is to stay off or drastically reduce your time on social media as much as possible. In fact, set aside times to simply put your phone down and walk away from it. We don't need them as much as we think we might. It'll be there when we get back to it.

Those in power have done all they can to make our phones something we cannot live without. We need to choose otherwise and parents of children need to be especially aware of the dangers of unattended cell phone usage.
