**Corporate Confession of Sin**

O gracious Father, full of compassion, slow to anger and great in mercy. We thank You that in the gospel You have not only separated our sins from us as far as the east is from the west, but You have given us the greatest gift conceivable, the gift of Yourself. Through the blood of the New Covenant You have declared that You are our God, and that we are Your people; we are a chosen generation, a royal priesthood, a holy nation, Your own special people; We once were not a people but are now the people of God. All this being true, forgive us Father that often our hearts are not quieted by Your love, we are discontented and ungrateful in spite of such privilege, we do not seek to know and enjoy You as we ought. Forgive us Father and graciously renew a steadfast spirit in us that we might love You with all our heart, soul, and strength. Amen.
