

THE GOODNESS OF THE LORD

Psalm 34:8 says O taste and see that the LORD is good; How blessed is the man who takes refuge in Him! David was calling on the people to experience as he had the goodness of the Lord for themselves by relying on Him during their times of difficulties. In Psalms 34 verses 4 through 8 David witnesses to us what God does for His children. He saves us, He keeps us, and He satisfies us. We cannot do these things for ourselves but God can. This is a promise not of comfortable circumstances, but it is a promise of God's care for us who belong to Him. Have you tasted and seen that the Lord is good? Trust Him today if you haven't for all that goes on in life and trust Him for salvation if you are not His child. He is a good God.
