

OTS – EXODUS ERA
DELIVERANCE FROM SLAVERY
EXODUS 1-18

INTRODUCTION:

We concluded our last discussion with a look at the miraculous hand of God as He providentially moved His people to the land of Egypt (all 75) where they would be protected, provided for, and kept pure. In this place of safety, God’s people began to grow.

We turn the page of the Bible as well as the scope of time as we look into the book of Exodus. This book lays the foundation of this era which is concluded in the book of Numbers.

The four main events covered in the Exodus Era are the following: deliverance from slavery in Egypt (Ex.1-18), delivery of the Law at Mount Sinai (Ex. 19-40), defiance against God (Num.10-14), and discipline for rebellion (Num. 20-36).
