

What's Your Story?

**What is Your Hope?**

Matthew Huston, Family Life Pastor  
May 17, 2020

Titus 3:1-8

***There is a New Hope because of our New Identity in Christ.***

**My New Hope:**

- Reminds me who I am.
- Remembers who I was.
- Renews me through what Jesus does.

**Application:**

What lies do you continue to believe that Satan loves to remind you about? Take time this week with God's Spirit to surrender those thoughts to God and rest in His love.

How do you know that Jesus loves you? How has he shown His love to you in the past, the present and in the future?

Our new identity in Christ is a journey with an ever loving God. This week, experience the ongoing changes still happening in you through God's Word.

**Life Group Questions:**

Read Galatians 5:19-23. As we find our New Identity in Christ we begin producing fruit of the Spirit as opposed to fruit of the flesh.

- What are some ways you are continually experiencing Spirit fruit production in your life?
- Share with one another what you experienced when you began to seek God's fruit in your life over the fruit of your flesh?

Read John 15.

- How does discovering who Jesus is lead us to become more like Him?
- How do we further discover the hero of our story in this passage?
