

Sardis - The Dead Church Revelation 3:1-6

Dead things pose no threat.

Sardis was a city of fading glory. It had at once been the capital of Lydia. It was founded about 1200 BC and at its peak of Glory its king, Croesus, was so wealthy that his name became an idiomatic expression. So and so was said to be "as rich as Croesus." Its glory and wealth owed to two interesting geological peculiarities. First Sardis was about 30 miles south of Thyatira and was situated on top of a 1500 foot plateau that jutted out from Mt Tmolis. Only from the mountain could one approach the city. Sheer rock walls gave it a virtually impregnable defense. Second, a river that ran at the base of the mountain, Pactolus, was found to be full of gold. Thus Sardis became the first city in the world to mint gold and silver coins. It became a very attractive city drawing people for both the wealth and security. Aesop the famed fable writer is recorded as a citizen of Sardis. It was a very important city and actually challenged Persia and king Cyrus Rule.

But it was a city of fading Glory. Yes it was. Twice, the city was taken in spite of its seemingly invincible situation. The people of Sardis became overconfident and complacent and felt no one could invade the mountain fortress. Cyrus put the city to siege and was ready to give up when a soldier saw a guard drop his helmet and carefully slip down a hidden path to retrieve it. That same night the Persians one by one scaled that hidden path and overthrew the city because no one was watching. That happened in 549 BC. Once again a similar fate befell them in 218 BC when Antiochus the Great overt took them. In both cases a sense of invincibility and a failure of the sentries to watch and protect cost them their city.

By the time of the writing in Revelation the city still had a reputation because of its glorious past. But today Sardis is no more – it is dead.

The church at Sardis was in the same condition. They were described as dead. They had a reputation, a glorious past, activities, programs and a general busyness that gave the idea that something was happening, Jesus said it was dead. The church at Sardis was dead. It was not being persecuted or hindered in any

way by society because it was of no consequence. A dead church presents no problem to Satan so he doesn't even bother.

Someone said that a church or mission starts with

- A man with a **vision**
- Becomes a **movement**
- Then becomes a **machine**
- And finally becomes a **monument**.

When Jesus comes to our Church, he comes with a stethoscope as it were to see about the condition of a church.

1) 1 John 5:4-5 tells us. For whatever is born of God overcomes the world. And this is the victory that has overcome the world— our faith. ⁵ Who is he who overcomes the world, but he who believes that Jesus is the Son of God? Are you an overcomer? Have you overcome the pull of this world, the evil of the world and the damnation of this world? You can only do so by faith – by believing in Jesus!
