

Message Title: Experiencing the Last Days

Theme: This message looks at how the transition into the last days has taken place without being obvious. It opens with thoughts of being mad at God for not getting what we want, and then moves into how life has changed in 100 years, and closes with where the energy comes from in a nuclear reaction.

From Genesis Chapter four until the invention of the automobile life on earth had remained basically unchanged. The vast majority of people traveled only the distance that a horse could take them and back in a day, this became their world, but in just one hundred years man went from a fast horse all the way to the moon.

Just as the proverbial frog in slowly warming water, we see the change as a benefit. The cold frog enjoyed the benefits of warm water until he lost the ability to react to the impending danger.

The last days are marked by perilous times and evil men. One preacher said, every bad thing on earth is a good thing twisted. This is to say that men will find a way to use, or corrupt everything possible to their own advantage. The Tribulation will be a time of controlling mankind by the most evil beings in existence, namely the Anti Christ and his followers. No doubt he will use the most advanced technology in his efforts to enforce his will.

As bad as all this will be, the believers are told in Luke 12:28, “And when these things begin to come to pass, then look up, and lift up your heads; for your redemption draweth nigh”. For us the word to focus on is “begin”. It has begun, now the question is are you fearful or believing?

The speaker would like you to know that all of these messages are in the chronological progression that God revealed them, and even though many may stand alone, they progress through several subjects that build on the previous lessons. This series of messages titled "Our Timeless Creator" (OTC), shift the focus from salvation and service, to understanding God. How He who needs nothing, benefits from creating the human race. It started in 2007 when God brought the speaker to Psalm 50:15 three times following the miraculous healing of his dying wife. It reads, ***“And call upon me in the day of trouble: I will deliver thee, and thou shalt glorify me”***. Following this he prayed fervently. "LORD, show me how to glorify you and I will do the best I can". The speaker had become a new creature, (2 Corinthians 5:17) on May 20 1973. At that moment the reality of GOD's existence and the direct connection to the Bible became miraculously clear. Overwhelmed with excitement he began telling everyone who had a few moments to listen, what he had found, like a man who had found a cure for a terminal illness, which everyone had. His excitement and enthusiasm continued for well over a year, even when many said, "you'll get over it." Slowly his efforts began to focus on responsibility and all the how-tos of service. As the excitement faded it was replaced with frustration. He had said many times "the most frustrating thing in life is, knowing what GOD could do and watch him not do it". In 2005 GOD began a work as described in Job 5:17-18, that changed everything. He says," it was much like when I first became a child of God all over again". He describes it like application of (2 Corinthians 3:18), "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, ***even*** as by the Spirit of the Lord". Truly a life changing experience as God increases and we automatically decrease.
