*"If there is only one gospel in the New Testament, there is only one gospel for the church. The gospel has not \_\_\_\_\_ with the changing centuries." - John Stott*

**1. Professed believers who deny the true gospel are actually \_\_\_\_\_ brethren.**

- a. False brethren may have an attachment to the local church but they are not truly a \_\_\_\_\_ of the body of Christ.
- b. False brethren can pose a very real \_\_\_\_\_ to the church.

**2. The true gospel brings \_\_\_\_\_ and not bondage.**

- a. The spiritual bondage of the false brethren included:
  - 1) Thinking your standing before God is based on the good \_\_\_\_\_ you do.
  - 2) Insisting that you must obey man's \_\_\_\_\_ to be right with God.
  - 3) Saying that a non-Jew must become a \_\_\_\_\_ proselyte before they could be truly saved.

b. The liberty of the true gospel:

- 1) It is only by \_\_\_\_\_ in Christ Jesus that any person can have a right standing with God.
- 2) It is only the written Word of God that is the ultimate \_\_\_\_\_ for what we believe and how we are to live.
- 3) It is the blessings of the \_\_\_\_\_ Covenant that define our relationship with the Lord.

**3. The true gospel is the one gospel for \_\_\_\_\_ peoples and God blesses the proclamation of this gospel.**

- a. The gospel is the \_\_\_\_\_ of God for salvation; He is the One who causes it to be effectual in a person's life.
- b. There are many ministries and many methods for reaching people for Christ, but the true gospel must be the central \_\_\_\_\_.

*"The principle here is that the church can allow diversity of mission only where there is unity of message. The gospel itself sets the limits on our cooperation with others who call themselves Christians. We are willing to compromise on many things, but we are completely \_\_\_\_\_ when it comes to the gospel." - Philip Ryken*
