

Session One: Truth and Reason

1. The madness of relativism (vain idols)
2. Why Genesis? (bringing order out of chaos)
3. How do we know anything?
4. The necessity of revelation
5. Antithesis and dichotomy from the first verse
6. The source of all confusion (a.k.a., the father of lies)
7. Scripture + skepticism = liberalism (mystical “God words”)
8. Only two destinations (Luke 16:19-31)

R.C. Sproul: *“When there’s something in the Word of God that I don’t like, the problem is not with the Word of God, it’s with me.”*
