*Next Steps: Chapter 19*

1. How often are you seeking opportunity to share the gospel with others? Are there any problems or challenges you need help overcoming? Commit these to prayer and consider seeking the wisdom and encouragement of others.

2. Do you regularly pray for non-Christians in your life? If not, make a point to begin regularly praying for specific people in your life.
3. What goals do you have for growing as a disciple of Christ? How are you pursuing those?
4. How do you help others grow as disciples of Christ? If you don't know, ask a brother or sister how you can pray for them and support them in their growth.
