Step 2: Often we react strongly against this truth (like Peter) & say, “ _____ so, Lord!” & refuse to hear

Step 3: God _____ His communication of the truth as often as needed, thru different channels

Step 4: We wonder what this truth means and how it applies to us; the Bible calls this _____

Step 5: We may connect this new truth with other truths that God has taught us in the past: 2 + 2 =

Step 6: God often immediately puts us in a circumstance in which we must _____ the truth we learned

Step 7: Not only do we change and practice the new truth, we _____ the new truth to others.
