"What would the worshipers of Nut have thought when they looked skyward not to see the blessings of the sun and warmth, but the tragedy of storm and violence. Nut was the sky goddess. It was from her domain that this tragedy originated. One reflects upon the responsibilities of both Isis and Seth who also had responsibilities relating to agricultural crops. The black and burned fields of flax were a silent testimony to the impotence and incapability of wooden and stone deities. They indeed had ears but did not hear." J. Davis
